Translator's introduction

All praise is due to Allah; we praise Him and seek His forgiveness.

We seek refuge in Allah from the evils of our souls and the wickedness of our deeds.

He, whom Allah guides, none can misguide him, and he whom He misguides, none can guide him.

I bear witness there is no deity worthy of worship in truth except Allah, alone, without partner.

His is the dominion and His is the praise.

He gives life and causes death, and He is over all things competent. Now then:

I have translated the book before you, entitled (**The reality of the Gaza ordeal and Egypt's historical role**) by (**Mohammed Saeed Raslan**) because of the many benefits and advantages it contains for the Muslim.

This translation is my own effort. If I do well, it is from Allah and His guidance to me, and if I make a mistake, it is from myself and from Satan.

I ask Allah to make this work of mine purely for Him and to spread the word of truth throughout the entire earth and to teach Muslims who do not speak Arabic their religion that Allah has chosen for them.

The one in need of his Lord's forgiveness: **Omar bin Ahmed Tohamy**.

The US President's bullying of Gaza and the world!

بسَمِاللَّهِ الرَّهَن الرَّحِيمِ 1

Praise be to Allah, Lord of the Worlds. I bear witness there is no deity worthy of worship in truth except Allah alone, without partner. He is the Guardian of righteousness. I bear witness that Muhammad is His servant and Messenger, may Allah bless him and grant him peace and blessings, eternal and undivided, until the Day of Judgment.

Now then:

The American President² says: The Middle East is like this table—and he was sitting at a table—saying: The Middle East is like this table, and Israel is like the tip of this pen... small, but it must expand!

And now he is adopting the doctrine of Greater Israel!

We in Egypt are in a real state of war, but my people do not know. The Egyptians do not appreciate the seriousness of the situation they are in. We are in a very great crisis!

This man does not use politics; he uses bullying!

They have many illegal immigrants who went to America, and he wants to return them to Venezuela, so he loaded them onto warplanes and sent them there!

The Venezuelan President turned them away and said: We cannot accept them, and he used empty rhetoric.

The American president said to him—a modern-day bullying style that has nothing to do with politics, but that's what it is, and it must be done, and without war—"The exports that come from you, we will increase the customs rate to 25%!"

This means that the Venezuelan economy will collapse!

The man backed down and said, "I mean, I would prefer you not to send them in military planes, send them in civilian planes!"

-

¹ In the name of Allah, the most gracious, the most merciful

² Donald Trump

The man looked at an island called Greenland and said, "I like this nice one; it must be annexed to America!"

And he will annex it!

The man said, "Canada must become a state of the United States, otherwise it will be an economic war and the collapse of the country's economy!"

And Canada will join America to become a state of the United States!

The last thing he said was, "Gaza is a nice place, it could be a great resort, and I will occupy it—literally—Gaza must be occupied!"

So the battle today is not between the Palestinians and the brothers of the monkeys and pigs³, but rather between the Palestinians and the Americans.

Gaza will be occupied!

When some journalists at the conference asked him, "Does this mean that American armed forces will be sent to Gaza?" He replied, "If we need to, we will, but the place must be occupied!"

And where will the Palestinians go?

Egypt will take them."

They said, "But the Egyptians refused, and the Jordanians also refused to displace the Palestinians!"

For the benefit of the Palestinians, because displacing them is an injustice, unjustly forcing people from their homes, and the land is theirs, and the homes are theirs, in order to erase this homeland from history. There will be no more Palestine!

He said, when it was said to him that the Egyptians refused to be displaced to Sinai, and the Jordanians refused to be displaced to Jordan, he replied, "Yes, they refused, but they will accept!"

The bullying method!

We withhold aid from you, impose economic sanctions, and threaten you with crowds. He says: Military crowds are now on the Jewish-Egyptian border. Jewish military crowds are gathering on the border between us and them!

³ Brothers of monkeys and pigs is a term given to Jews.

And he says: We must enter Gaza. Because, he also has an economic project. This economic project includes extending the trade route from India to the Gulf and from the Gulf by land to Gaza, and from the Gaza port to Europe. This is what he wants: the economic land route. He must continue to do this, and the man is determined to do so.

And with him is the prime minister of the entity, listening and saying: You are the greatest friend of Israel. And he says: What you did for the Jews, no one has done before!

No American president has ever come with such extent before.

And he wants to force the Palestinians to displace themselves and force us to accept!

The Zionist-American conspiracy against Egypt and its army

If American forces arrive and occupy Gaza, this means: On our borders—we the Egyptians—there are Americans with military bases, just as it is now rumored that there is an American military base in the occupied territories.

As for the Jews, they have built three military bases in Syria now, occupied the Golan Heights, occupied Mount Hermon, and advanced as far as the Yarmouk River. They are taking a lot of water from the Syrians.

And this man now knows what he's talking about, because he's a merchant. He deals in real estate, has no interest in politics, and operates with this commercial logic. That's why he's also threatening us with the water issue, saying: "And there's a man in Ethiopia with whom we can talk!"

They could intervene there in Ethiopia. And a Jewish rabbi gives lessons to the fanatics in Jerusalem. He is a blind fanatic, and he calls for waging war on the Egyptian army, because it is the only one left now. All the armies that surrounded the entity have fallen. Iraq's army was lost, and it was the fifth strongest army in the world, so it was lost by the well-known conspiracy.

Then, Hezbollah's involvement in Lebanon was eliminated, southern Lebanon was occupied, and the Syrian army was destroyed. Iran was also dealt with in the same manner, leaving only the Egyptian army in the region.

What is required now is for every Egyptian Muslim, every Arab Muslim, and every Muslim in general to realize that this is an existential matter.

We are the ones being targeted now. They want to do to Egypt what they did to Syria. They are extremely concerned that any army with power in the region will remain. It must be eliminated and destroyed. This is what they are now openly calling for.

These people do not plan in secret, or in the dark, or in caves. They announce what they want. This is how it must be!

So if these people come and occupy Gaza, what do we do?!!!!

If we enter a war, we are fighting the Americans, fighting the American army. If we remain silent, what will happen?!!!

Satan's plan to displace the Palestinians

Then they want to expel the Palestinians. There is no religion, custom, or law that allows such a thing, especially in this century—the twenty-first century—and in the country of democracy. They are the guardians of freedoms, and so on, of what they boast!

The man has been afflicted with a disease, afflicted with megalomania!

And the man speaks openly—as they say—saying: This table is the Middle East, its area is large and vast, and Israel is like the tip of this pen. This means: expansion is inevitable, and expansion has already taken place!

And expansion for Israel—meaning: for the occupying entity—at whose expense?!!

At the expense of neighboring countries!

And expansion has indeed taken place.

This means: Now this same man—I mean: the American president—has acknowledged that the Golan Heights belong to Israel, and such a thing had never existed before. However, the Golan Heights were recognized by him as Jewish land. He is the one who said—during his first presidential term—that Jerusalem is the eternal capital of Israel, and he ordered the transfer of the American embassy in the occupied entity...he ordered its transfer to Jerusalem, even though it had been in Tel Aviv! The man's picture at the so-called Wailing Wall is well-known.

The man is the biggest supporter of the Jews now. He embraces the idea and doctrine of Greater Israel. Israel is like the tip of a pen, and poor thing! It must be expanded! And the land is plentiful!

Sinai... they say: It's a land without a people, a homeland without a people, so what's stopping us from migrating the Palestinians there?!

And this will happen in the first phase.

Then he says: There are countries in the region that pledge to fund construction in Sinai to house the Palestinians. And with stubbornness and refusal, he says: There are seven countries, and in another version: nine countries that accept the Palestinians!!

And this extremist rabbi, this fanatic, says: The Palestinians must be moved outside the region!

There are seven countries. The American president suggested Albania... and he said: We'll move the Palestinians to Albania!

Aren't they human beings?!!

Don't they have rights?!!

These people understand that the Jews do not consider us human beings, nor do they consider the Gentiles human beings, especially the Protestants who follow Martin Luther. Martin Luther himself says: "We should be content with the crumbs that fall from the Jews' tables, like dogs!"

He says: "Non-Jewish people should be like dogs with the Jews!"

And Martin Luther, the founder of the Protestant faith, is followed by the Americans, who are Protestants, and the English are Protestants as well. Do they say this doctrine that we are not human beings, as they say that the Palestinians are animals?!

He says: "They must be expelled humanely! They must be expelled from Gaza. Gaza is in such great devastation, and it is impossible to live amidst this destruction. How can the poor live?!!

So what do you want?!!

Humanely, we will move them, and then develop the Strip until it becomes a great tourist resort, and then we will return them to their places!" When did any of these people leave or were expelled and then return to their homeland? They don't even recognize them. They say they are like animals, and they treated the Gaza Strip that way during the war. They consider these lost lives nothing more than an offering to their God, Jehovah, Lord of Hosts.

The historical role of Egypt and the Egyptians

We are in a very difficult situation, and the way out lies with Allah Almighty.

Every Egyptian must strive to demonstrate, through social media and elsewhere that he stands with his country, behind his army and his leadership. They are now gauging the reaction of Egyptian public opinion, which says: Yes, the Egyptians rejected the displacement of the Palestinians, but the Egyptian people do not show their rejection. The Egyptian people agree to the displacement of the Palestinians!

They tempt us with things, saying: We will move the Palestinians to Sinai, and we will give you \$150 million, and perhaps more, and the bill is ready. You will pay your debts, and the Egyptian pound will rise in value against the dollar, and you will live in luxury, while the Egyptian belief in preserving land and honor collapses. This is what happened in Syria, until the army abandoned its equipment and weapons and fled. Then they destroyed the military infrastructure in Syria, until it was razed to the ground. So now, when they say, "Give us the land," and then take some of that money, or for nothing, because he was told, "Will you pay?"

He said, "No, we won't pay anything. Our friends in the region—meaning some of the countries that support them—will do it."

The matter now is an existential one, and perhaps things will escalate to the point of war.

We are now in a real state of war, and our economy now resembles a war economy—I mean, in Egypt.

Every Egyptian should pay attention. This matter is existential. No, this land you are sitting on now is included in the promise they claim from God, that God has given them Greater Israel from the Nile to the Euphrates!

This land is included in the promise; it is required and targeted. The Egyptian people must demonstrate that they are against this plan and that they reject it wholeheartedly, both outwardly and inwardly. This is a form of jihad, because it has an impact. When they know that the people do not want such a thing in Egypt, this will be a very strong support for the Egyptian leadership when responding or rejecting.

As for leaving it alone in such a raging conflict, this is a great mistake, indeed a grave sin. It will lead to the loss of homes, the loss of the homeland and its collapse, and consequently, the loss of religion in this beloved country.

As for our Arab brothers and our Muslim brothers in general, let them support their Palestinian brothers, to lift this injustice inflicted upon them, so that they may be driven like cattle to leave their land, their homes, their country, and their history, which is their land. This usurping occupier comes with such thuggery to seize and dominate. We must support the weak and oppressed, and we must also support our Egyptian and Jordanian brothers in rejecting such diabolical schemes, as their ultimate goal is the so-called Greater Israel. The occupation of Sinai and Lower Egypt is part of the promise. Then there is the expansion that has occurred in Syria. Much of Syria has been occupied, and will never return. Southern Lebanon has been occupied, and will never return. Now they want Gaza under similar pretexts, for the sake of this economic corridor, to bring goods from India to the Gulf by sea, then by land to Gaza, and then by sea from the Gaza port to Europe. This also strikes at the Egyptian economy, as it will negate and eliminate the usefulness of the Suez Canal, as transportation will be via this route.

O Egyptians! Fear Allah in Egypt!

These are very serious conspiracies, and the conspiracies have not ended for a moment, but people are heedless. We must endure if something happens that harms or damages us. We must endure, as we have seen in the texts, and fear Allah Almighty in our homeland—meaning: in our religion. In our homeland, meaning: in our religion—to preserve this Muslim homeland in which the call to prayer is made, Friday prayers and congregational prayers are performed, and Allah Almighty is worshipped. We must fear Allah Almighty in the future of our children and our grandchildren, and we must fear Allah Almighty in ourselves. We must rise above trivialities, take the serious path, and abandon frivolity. Allah Almighty will support us, God willing, Lord of the Worlds.

And we ask Allah Almighty to preserve our homeland and all Muslim homelands.

And to turn the plots of the plotters back on them.

O Allah, turn their plots back on them.

O Allah, turn their plots back on them.

And show us and the worlds a sign [of punishment] in them, O Lord of the worlds.

May Allah's prayers and peace be upon our Prophet Muhammad, his family, and all his companions.
